

File HA-AC 4/1/18 Subject GRADE OF SERVICE COMPLAINT
MR ALAN SMITH 055-26 7267

000571

Phone 055-73 0200 From MARK ROSS
CUSTOMER SERVICES MANAGER
HAMILTON - VIC/TAS REGION

To CHRIS DOODY - NETWORK OPERATIONS
GRAEME DAVIES - FAULT BUREAU VIC/TAS

Chris/Graeme

Please find enclosed documentation in regard to a Grade of Service Complaint from Mr Alan Smith of Cape Bridgewater.

Our local technicians believe that Mr Smith is correct in raising complaints about incoming callers to his number receiving a Recorded Voice Announcement saying that the number is disconnected.

They believe that it is a problem that is occurring in increasing numbers as more and more customers are connected to AXE.

Can you please investigate this problem and provide me with a written reply so as I can forward this to Mr Smith and our local Federal Member, before what is already a difficult situation, gets right out of hand.

Mark Ross

PORTLAND VIC 3305

Dear Mr Smith *Alan*

Thank you for your facsimile of 21 July 1993 about Mr Palmer's experiences with his telephone service.

I have written to Mr Doug Campbell, the Group Managing Director of Commercial and Consumer affairs at Telecom, about a number of problems brought to my notice as a result of a recent press release. A number of people seem to be experiencing some or all of the problems which you have outlined to me. I will inform you of Mr Campbell's response when it is received.

I trust that your meeting tomorrow with Senators Alston and Boswell is a profitable one.

Thank you once again for keeping me informed of developments.

Yours sincerely

Dear Mr Smith *Alan*

Further to your conversations with my electorate staff last week and today I am enclosing a copy of the correspondence I have received from Mr Harvey Parker, Group Managing Director of the Commercial and Consumer division of Telecom.

I wrote to him outlining the problems of a number of Telecom customers in the Western Districts, including the extensive problems you have been experiencing.

Thank you once again for keeping me informed of developments at your end.

Yours sincerely

DAVID HAWKER, MP

DAVID HAWKER MP
Federal Member for Wannon

15 September 1993

Mr Graham Schorer

Fax: (03) 328 4462

What follows is a list of the ten detailed complaints David Hawker has recently received regarding Telecom's service in the Western Districts of Victoria. Mr Alan Smith's complaints have not been included in this list as I understand you already have a detailed record.

- PENSHURST** 1. Difficulty in having outgoing calls connected, receives a recorded message saying wrong number when dialling out, but number is correct. Gazette exchange.
2. Continuous problems with new fax machine - believes because of age of exchange equipment.
- APSLEY** 3. Difficulty with outgoing calls, takes 1/2 hour of trying on Sunday evenings. Receives recorded message that wrong number. Bringalbert exchange.
- HAMILTON** 4. A business. 25% of calls not connected, all area codes. Advised by Telecom engineers that, probably the exchange, not their telephones.
- TIMBOON** 5. For 3 months incoming callers have been cut off after 2 rings.
- VICTORIA VALLEY** 6. For 18 months incoming callers have received a recorded message that the number is not connected. Victoria Valley exchange.
- HARROW** 7. Incoming callers receive an engaged signal when phone not in use. Telephone rings when no caller. Telephone cuts out after a few rings.
- APSLEY** 8. Incoming callers receive engaged signal when phone not in use.

11-E

PORTLAND

9. For a number of years incoming callers receive engaged signal when phone not in use, and caller says telephone rang out when no ring heard.

TIMBOON

10. Outgoing calls not connected.

Mr Hawker also received a number of complaints about the reduced services offered in country areas, in particular that itemised accounts are not available.

Other complaints related to the time taken to service difficulties, one complaint about a "draping" telephone line (now fixed), and one complaint about the time taken for Telecom to pay an account (also fixed).

Trust this is of assistance. Please do not hesitate to contact me if I can be of further assistance.

Yours sincerely

KATE HARVEY
Research Assistant

Dear Mr Smith

Thank you for your letter of 6 December 1993 enclosing the Coopers and Lybrand report and Warwick Smith's correspondence.

I appreciate being kept informed of developments and would like to congratulate you in your persistence to bring about improvements to Telecom's country services. I regret that it was at such a high personal cost.

Please find enclosed your copy of the Coopers and Lybrand report.

With best wishes for a safe and happy Christmas and New Year.

11-F

Minister for Communications

The Hon. David Beddall, MP

9 DEC 1993

Senator Michael Baume
Senator for New South Wales
PO Box 473
WOLLONGONG EAST NSW 2520

Dear Senator Baume

Thank you for your representations of 5 November to Senator the Hon Bob Collins, Minister for Transport and Communications, on behalf of Mr Alan Smith, Cape Bridgewater Holiday Camp, RMB 4408, Cape Bridgewater, Victoria, concerning the standard of service he has received from Telecom Australia. Senator Collins has referred your letter to me in view of my responsibility for matters relating to telecommunications.

I wrote directly to Mr Smith on 10 November 1993 with regard to this issue.

Let me say that the Government is most concerned at allegations that Telecom has not been maintaining telecommunications service quality at appropriate levels. I accept that in a number of cases, including Mr Smith's there has been great personal and financial distress. This is of great concern to me and a full investigation of the facts is clearly warranted.

I have personally communicated these concerns to the Chairman and Chief Executive Officer of Telecom and asked them to take a direct interest in the resolution of the so-called "Casualties of Telecom" (COT) cases.

You may be aware that AUSTEL, the independent telecommunications regulatory authority, has a clear function of safeguarding consumer interests. It has powers under the Telecommunications Act 1991 to investigate consumer complaints about the supply of telecommunications services.

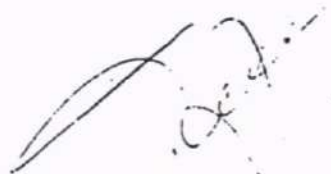

AUSTEL is currently conducting a thorough investigation to determine the exact nature and extent of the problems experienced by some Telecom customers. AUSTEL expects to finalise its report shortly.

11-G

Telecom, for its part, has deployed a dedicated customer service review team to work with affected customers to rectify their problems. It has also commissioned independent experts to assess Telecom's technical and administrative responses to complaints of this nature, and to recommend changes to improve its complaints handling procedures.

I will be giving close attention to AUSTEL's report on the results of its investigations and proposed action to address these issues.

Yours sincerely

DAVID BEDDALL

The fast track settlement proposal, with Dr Gordon Hughes at the helm, had foundered during November and December 1993. By March 1994 TELSTRA were using their corporate strength to force the C.O.T. members into expensive and time-consuming legal processes. If TELSTRA could not get the arbitration process they had wanted since September 1993 it appeared that they would pick up their ball and go home.

11-6

I, RONDA FIENBERG

of 10 Appleberry Place, North Ringwood, Victoria, Australia

do solemnly and sincerely declare

THAT

Alan Smith of Cape Bridgewater Holiday Camp has been a regular client since 30/7/94 and the majority of his work comes to my office by fax.

Many times over the years I have received unreadable pages where the fax slowed right down and the words on the incoming page have been dragged out into long, dark lines - totally illegible. This has meant I have had to ring Alan (long distance) and ask him to re-send the problem page (or pages).

Also, on many, many occasions, about a 2 cm strip is sliced off the start of incoming pages and then, when the rest of the page comes through, the first few lines are missing. This has never happened with any other client, including incoming faxes from overseas and interstate.

Dear Alan,

This letter is to confirm that during our electronic communications between Cape Bridgewater and Geelong during the past two years there have been occasions when:

- incomplete faxes of materials were received (part pages, black pages or extended pages)
- and
- initial faxes were never received by me, and that a re-faxing was required from you or Cathy.

Regards,

Robert Palmer.

Please contact Robert Palmer on 0352 414045, or write to
P.O. Box 981 Geelong, 3220.

Chrissy Hawker's SECRETARIAL SERVICE

24th July 1998

Mr. Alan Smith,
Cape Bridgewater Camp,
PORTLAND. 3305.

Dear Alan,

Just a quick note to describe to you what actually happened with our fax transmission this morning.

I received a fax call at approx 8.23am this morning the 24th July. 3 Pages came through my fax machine as normal but the 4th page was very, very slow as if it was having difficulty coming through.

I checked my machine and all I could see coming through was black lines running across the page and down the whole of the page. This page on its own must have taken a minute or more to come through.

As it was still coming through you contacted me asking if there was a problem with this page. I stated what was happening as you were talking to me and you stated that you would repeat this same page for me.

The 4th page of the document then came through with no problem.

On a number of previous occasions I have experienced other trouble with your transmissions and I have listed them below for you.

- Blank Paper coming through in the middle of transmission.
- A strip of approximately 3cm coming through.
- Distorted figuration that looks like stretching of letters appearing at the end of a page.
- A page with black lines all the way as described above.

As you can appreciate, being the only secretarial service in Portland, my fax machine is a valuable tool in my office and as to date I have never experienced problems with any of my other clients.

Regards,

CHRISSEY HAWKER

30th January, 2000

TO WHOM IT MAY CONCERN:

On the 28th December, 1999 I was contacted by Alan Smith from Cape Bridgewater Holiday Camp re doing some computer work for him. I run a small business engaged in doing a variety of computer jobs, ie. word processing, etc. Alan rang and we organised for him to fax the work through. One page and a small portion of the next came through and then the line disconnected. Alan tried numerous times to get the fax through, but to no avail and he eventually had to make other arrangements for the work to be done nearer to him.

On the 5th January 2000 Alan again contacted me regarding doing some work for him. He tried so many times over a period of about 3½ hours and finally the work came through. We probably spoke about twice during this time about the failure to get through, the other times were tries to fax. On the 6th of January Alan again tried to fax the remainder of the work through and we managed to connect a lot quicker, although it was still about half a dozen times trying beforehand.

When the work was finished, I managed to fax it back to him, although I had to make three or four tries as several pages would go through and then the connection would cut.

The following day, 7th January, Alan faxed through a few changes, but this time they came through after only a couple of tries.

It has proved to be very hard to contact Alan at Cape Bridgewater Holiday Camp via fax and indeed it has cost me work by not being able to establish a fax connection. I have not experienced this phenomenon before on such a regular basis.

Yours faithfully,

MARGARET VAN RUN.

11-1

28th December 1999

Letter from Margaret Van Run, from Dial A Secretary service in Warrnambool on the following page confirms she alerted me to the fact that not all my faxes on this particular day did not connect through to her office facsimile machine 0355611027. Why then do my Telstra accounts show that ALL these transmissions were all successful?

2

5th January 2000

Margaret Van Run, again writes about the continuing problems when receiving faxes on this particular day where 17 successful calls are charged by Telstra as affective (re Telstra fax account bottom of page). The extract of my fax journal for the 5th January 2000, is copied directly below which confirms that only two transactions were actually transmitted and sent to Ms Van Run from the 18 charged calls shown on my account. This is the same type of situation as described in Telstra's B004 report 23rd May 1994 faxes not being received by the arbitrator where their own evidence sworn under oath confirms they charged my business for FIVE non-transmitted faxes.

Linda Johnson
59 Blair St
Portland Vic 3305
31-12-05

To Whom it May concern,

My husband & I worked as caretakers at Cape Bridgewater Holiday camp from 1997- 2000. As mentioned in a previous letter my husband & I experienced problems with the telephone lines out there.

People were complaining that ~~our~~ phone was always engaged & that they could never get thru to us, but in actual fact we were not on the phone at all.

Whenever we rang out sometimes we experienced a crossed line, we were listening to other peoples private conversations & they ours.

The camp also experienced these problems also, people were trying to ring & book accomodation & school camps, and were unable to get thru because their end was always engaged. (the camp end)

This didn't just happen once or twice, it was always an ongoing problem & it really was irritating & annoying.

Thanking You.

L. Johnson.

Dear

LEVEL 3 COMPLAINT

TIO reference: 02/101638-1 - Mc Kenzie

The Telecommunications Industry Ombudsman (TIO) has received a complaint against Telstra Corporation from Mr & Mrs Darren & Jenny Lewis regarding telephone number 0355267267.

The TIO has raised this complaint at level 3 because of the complexity of the complaint and likelihood that extensive testing may be required. Mr & Mrs Lewis have advised the TIO that they have an ongoing complaint with Telstra Corporation in relation to their telephone service and have as yet been unable to resolve this matter. The TIO has invested time assessing Mr & Mrs Lewis' correspondence and believes that further investigation is warranted.

Mr & Mrs Lewis claim in their correspondence attached:

- That they purchased the Cape Bridgewater Coastal Camp in December 2001, but since that time have experienced a number of issues in relation to their telephone service, many of which remain unresolved.
- That a Telstra technician "Mr Tony Watson" is currently assigned to his case, but appears unwilling to discuss the issues with Mr Lewis due to his contact with the previous Camp Owner, Mr Alan Smith.
- That on 27 September 2002 "Ian" advised him that an EMG was causing the faults at the local exchange and that a technician would be sent out to fix this.
- That on 28 September 2002 "Renea" advised him that that the local exchange could only handle a certain amount of traffic, that there was nothing that Telstra Corporation could do about the problem and that this problem was not new to Cape Bridgewater.
- That Telstra Corporation advised him on 26 November 2002 that the phone extension wiring was laid too shallow and was not installed correctly, thus it believed that Telstra Corporation had not installed that wiring. Mr Lewis also claims that it was suggested that the line had been tampered with.
- That Mr Alan Smith had provided him with documents confirming that Telstra Corporation did all the cabling and wiring in question.
- That the phone problems have decreased dramatically since Telstra Corporation rewired the business on 9 December 2002 and disconnected the phone alarm bell, however he is still

"providing independent, just, informal, speedy resolution of complaints."

Tel Freecall 1800 052 058
Fax Freecall 1800 630 614

experiencing intermittent problems with receiving calls, and continued to have problems with his fax line.

- That Telstra Corporation have checked his fax machine and confirmed that it is working correctly.
- That he believes that as the same problem has been experienced when attempting to send or receive faxes from a number of locations, it is unlikely that the fault is with the other party's fax machine.
- That the problems experienced resulted in the frustration of his clients being unable to contact him to make bookings for his camp and are affecting the profitability of his business.

Mr Lewis has outlined a number of these problems on page 3 of his correspondence attached. In particular, Mr Lewis has identified the following concerns:

- That he has been contacted by a number of people advising that the telephone had not been answered when ringing previously, despite Mr Lewis' assertion that someone was there at the time.
- That many faxes sent to his potential clients have not been received at the intended destinations, despite his fax transmission records confirming that the fax had been successfully sent. Furthermore, Mr Lewis claims that he has been charged for each of these calls.
- That he has experienced problems receiving faxes from his clients.
- That when he uses *10# to retrieve missed phone calls, he is sometimes given numbers from days before which had not registered earlier.
- That people had reported that when attempting to call Mr Lewis' business they first hear a message that the telephone has been disconnected, but when trying again are connected through on the same number.
- That when picking up the receiver to make a call, he had intermittently heard another person's conversation quite clearly.
- That on 25 October 2002 a caller reported that when trying to contact Mr Lewis earlier, he heard only clicking noises on the telephone line, but the call did not connect.
- That a caller reported that they had called and heard an engaged signal, despite Mr Lewis having call waiting activated on the service to prevent missed calls.
- That another caller reported that every time he called he received a fax connection tone.
- That on 13 November 2002 he picked up the receiver and heard a deep breathing sound but no dial tone.

The TIO asks Telstra Corporation to present its perspective on the complaint.

If Telstra Corporation decides that the complainant's claims have merit after reviewing the complaint, how does Telstra Corporation propose resolving the complaint?

If Telstra Corporation is of the view that there is no merit to some or all aspects of this complaint, please provide reasons for its view, identifying any facts in dispute. In addition, please supply all documentation relevant to the complaint. In particular, please provide:

- All Customer Care Notes for the account
- All Fault Reports for the account
- Telstra Corporation's assessment of whether Mr Lewis is entitled to compensation under the Customer Service Guarantee in relation to any of the faults reported above. Please include its reasons for the assessment for each fault reported.

11-K

The TIO has forwarded a copy of this letter to the complainant and asked them to pay any undisputed charges. While this complaint is under consideration, the TIO expects that Telstra Corporation will suspend credit management on any disputed charges.

The TIO may also forward Telstra Corporation's response to the complainant. For this reason, please ensure that it is written in plain English.

Please forward your reply to this letter within the next 28 days. The TIO may escalate the complaint to Level 4 status if Telstra Corporation does not respond to the TIO within this time frame or provide information requested.

Please contact me if you would like to discuss any aspect of this complaint.

Yours sincerely

Gillian Mc Kenzie
Investigations Officer
