Dear Sir,

RE : Fast Track Arbitration Procedure - Resource Unit
Arbitrations: Smith, Garms, Gillan/Valköbi

I acknowledge receipt of your letter of 23 March 1995. The matters raised in your letter were discussed at a meeting with Sue Hodgkinson and me on Tuesday, 4 April 1995. I now formally reply to your letter and update you on further developments since our meeting.

I note from the tone of your letter that you are somewhat concerned as to the apparent time frames within which you, as Administrator of the Fast Track Arbitrations, can expect finalisation of the above named arbitrations.

You have requested advice as to when, in terms of weeks, the Resource Unit envisages being in a position to provide its integrated financial and technical assessments to the Arbitrator for the above arbitrations. I now respond accordingly in relation to each:

Smith

The Resource Units role is almost complete, but more work is to be done to tidy our reports (both technical and financial) to a form suitable for submission to the parties by the end of April 1995.

The Resource Unit has completed a preliminary review of the financial material contained in the claim, defence and reply. The interim report has been drafted based on the assumption that technical faults did occur.

we to discuss

No further questions are anticipated from the Arbitrator. An important meeting took place between the Resource Unit and the Arbitrator on 10 April 1995 over the need to manage the issuance of Resource Unit reports.

Lane Telecommunications have commenced their detailed review in mid March and now have completed their draft interim report (on 6 April 1995). This report is subject to review and amendment by Paul Howell of DMR Inc prior to issuance.

Garms

The Resource Unit has commenced its review of the financial issues. A preliminary report is envisaged to be finalised within three weeks. Lane Telecommunications have commenced their review and, at this stage, they estimate that their preliminary review will be completed within one month (mid to late May) for review by Paul Howell of DMR Inc.

Gillan/Valkobi

The Resource Unit has commenced its review of the financial issues. We envisage that our preliminary report will be finalised within three weeks. Lane Telecommunications have commenced their review and, at this stage, they likewise expect their preliminary review will be completed within one month for review by Paul Howell of DMR Inc.

Resource Unit (including Technical Support)

I note your comment that the Resource Unit reports issued to the Arbitrator must also be provided to the claimant and Telecom for their comment. We agree that this may prolong the process further, but the fact is that this is a requirement of the fast track arbitration. The Smith report will be available imminently and subsequent reports can, with the benefit of experience be expected to proceed more expeditiously.

I also advise that Mr Paul Howell, Director of DMR Inc Canada arrived in Australia on 13 April 1995 and worked over the Easter Holiday period, particularly on the Smith claim. Any technical report prepared in draft by Lanes will be signed off and appear on the letterhead of DMR Inc. Paul Howell anticipates completing the Smith technical report by the end of April. W/h

Further, I advise that additional resources have been applied to the assignments and work on each has been undertaken contemporaneously. We have technical staff and financial support staff working on Garms and Gillan (in parallel) and visits to Brisbane are anticipated by the end of April 1995.

Arbitration

I understand that Dr Hughes will contact you directly (in your capacity as Administrator of the Fast Track Arbitration Procedures) on any legal procedural issues associated with the progress of the Arbitrations.

Conclusion

In conjunction with Dr Gordon Hughes, we are fast tracking the procedure with the aim of arriving at a decision that has regard for due process and investigation.

In conclusion, I hope that it is possible for you (in your capacity as Administrator for the above mentioned Fast Track Arbitrations) to continue in that position until we can resolve the matter.

It is unfortunate that there have been forces at work collectively beyond our reasonable control that have delayed us in undertaking our work. It is only now, following the review and acceptance of our Resource Unit (including acceptance of Lane Telecommunications by the COT claimants), that we are in a position to analyse the merits (including technical aspects) of each claim.

Do not hesitate to contact the writer directly on (03) 629 8855.

Yours faithfully,
